

Chapter 85 - Signs

85.01.00 Administration

85.01.01 Title and Purpose

- A. Short Title: This Ordinance shall be known as and may be cited as the City of Troy Sign Ordinance.
- B. Findings and Purpose: It is hereby determined that proliferation of signs in the City is unduly distracting to motorists and pedestrians, creates a traffic hazard, and reduces the effectiveness of signs needed to direct and warn the public. It is also determined that the appearance of the City is marred by proliferation of signs. It is also determined that proliferation of signs restricts light and air. It is also determined that proliferation of signs negatively affects property values. It is also determined that proliferation of signs results in an inappropriate use of land. The purpose of this Ordinance is to control the occurrence and size of signs in order to reduce the aforementioned negative effects. It is also determined that the signs of least value to people within the City are those which carry commercial messages other than the advertisement of any product, service, event, person, institution or business located on the premises where the sign is located or indicates the sale or rental of such premises. It is also determined that the regulations contained in this Ordinance are the minimum amount of regulation necessary to achieve its purposes. It is also determined that restrictions in this Ordinance on the size of signs, their height and placement on real estate, are the minimum amount necessary to achieve its purposes.

85.01.02 Enforcement:

- A. This Chapter shall be administered and enforced by the Zoning Administrator as provided for in Chapter 3 of the Troy City Code.
- (Rev. 06-07-2010)
- B. Responsibility of Compliance: The owner of any property on which a sign is placed, and the person maintaining said sign are equally responsible for the condition of the sign and the area in the vicinity thereof.
- C. Removal of Signs: Should any sign be found unsafe, insecure, improperly constructed or not in accordance with the requirements of this Chapter, the Sign Erector and/or Owner shall be required to make the sign safe, secure and otherwise in compliance with the requirements of this Chapter within 30 days of written notice. If the Sign Erector or Owner fails to comply within the allocated 30-day period, then the Zoning Administrator shall remove the offending sign within 48 hours from the time of written notification. However, if the enforcing official determines that a sign is unsafe and an immediate hazard to health or safety, then the sign shall be removed or repaired at the owner's expense within 48 hours of written notification of such condition.
