

## **TRAFFIC ALERT: SOUTH BOULEVARD CONSTRUCTION**

South Boulevard west of Dequindre is currently closed for repair resulting from the recent water main break. This construction is expected to continue through at least next Thursday, November 24.

Motorists are asked to continue to avoid the area if possible. This road closure, along with additional construction on Dequindre, has caused significant traffic delays.

Individuals traveling to Troy Beaumont Hospital, located on Dequindre south of South Boulevard, should be aware that this situation may impact their travel time.
